RAISING A BILINGUAL CHILD is the perfect step-by-step guide for parents who want their young children to become bilingual.

This friendly manual provides you with solid scientific arguments for raising your child bilingually and practical steps you can take to integrate two (or more) languages into your child's daily routine.

The book also includes many inspirational accounts from parents and childhood bilinguals. It dispels the myths about bilingualism and explains how learning multiple languages at a young age can enhance your child's overall intellectual and emotional development.

"This book is an invaluable resource for today's parents: it provides them with clear, eminently readable, and trustworthy guidelines they can use to help the child learn a second language."

—J. KEVIN NUGENT, Ph.D., Director, The Brazelton Institute, Children's Hospital, Boston and Harvard University; Professor, Child and Family Studies, UMASS at Amherst

"This book is sure to become a classic! . . . Parents should appreciate this important book."

—Kenji Hakuta, Ph.D., Lee L. Jacks Professor of Education, Stanford University

"This is a book that inspires confidence that the choice of bilingualism is a good one for parents, for children, and for our society."

—Donna Christian, Ph.D., President, Center for Applied Linguistics, Washington D.C.

Barbara Zurer Pearson, Ph.D., a bilingualism expert with more than twenty years of research experience in the fields of bilingualism and linguistics, is a Research Associate at the University of Massachusetts. Her pioneering work on bilingual learning by infants and children and on language assessment has been published in scholarly journals and in the book *Language and Literacy in Bilingual Children*.
